ABOUT ME

I'm a Graphic Designer with a Multimedia Diploma in Graphic Design & Computer Operations. I create captivating designs that exceed expectations, using Adobe Creative Suite, CorelDraw, and other design software.

My portfolio showcases a broad range of projects, including product designs and catalog layouts, all tailored to connect with the target audience. Whether you need to develop a remarkable brand identity or a standout marketing campaign that achieves your goals, we can collaborate to make it happen. Let's work together to create something visually stunning and effective.

HOBBIES AND INTERESTS

Watching Movies & TV series

I enjoy immersing myself in captivating stories and diverse genres of film and television, whether it's a gripping thriller or a heartwarming drama, and I prefer to watch on streaming platforms like Netflix, HBO, and YouTube.

Try to learn and using various Large Languages models and Surfing Internet

I am an avid explorer of the vast expanse that is the internet, always on the lookout for new knowledge and opportunities to improve my language skills. From scouring the latest news articles to diving deep into academic research, I am constantly expanding my understanding of the world around me. Whether it's mastering the nuances of a foreign language or honing my writing abilities, I am passionate about the pursuit of knowledge and the endless possibilities it presents.

Traveling

I have an intense passion for exploring new places, learning about different cultures and traditions, and broadening my horizons through travel. There's something truly exhilarating about stepping outside of my comfort zone, interacting with locals, trying new foods, and experiencing the unique beauty of each destination. I believe that travel has the power to both educate and inspire, and I am always eager to embark on my next adventure.

Test new Softwares & Apps

I love testing out new software and apps and exploring all the exciting features and functionalities they have to offer. Providing feedback to developers is something I really enjoy, and I make sure to stay up-to-date on the latest trends in software.

I certify that the information in this CV is accurate and complete.
